Code Academy

Camp for Information System Technology

This beginner's coding camp introduces different languages as well describes how, when, and where they will be used. Each participant will leave the camp with a certificate in Introduction to Programming. The participants will also leave with a USB drive that holds all of the work they have completed. This will be the start of your Programming Portfolio.

DATES

Session I June 4th - June 14th Session II July 9th - July 19th

COST

\$150.00

*Only 24 slots available per camp session *Additional weeks may be added if needed
