

Articulation Agreement

between the

**Mississippi Board Of Trustees of States
Institutions Of Higher Learning**

and the

Mississippi Community College Board

September 2017 - August 2018

Introduction

This articulation agreement contains programs of courses appropriate for transfer for community/junior college students who attend Mississippi's eight public universities. At the bottom of each program are listed the universities which offer the baccalaureate degree program.

Each university will accept courses as listed on the particular transfer program without loss of credit toward the conclusion of the four-year degree. It is intended that this articulation agreement be a minimum program transfer for all students moving from the community/junior college to the university system, as well as moving between universities in the system, acting as a 'safety net' for transfer students. It is not intended to replace any individual articulation agreement between a particular community/junior college and a university which would allow additional courses to transfer into a specific program of study.

It is vital that the programs of study be reviewed periodically and that revisions be made where appropriate. The revision process will encompass the following:

- 1) make editorial changes as needed;
- 2) further standardize the format for programs of study;
- 3) update offerings by universities as needed; and
- 4) keep appropriate officials abreast of changes made by the universities.

It is understood that accreditation agencies expect colleges and universities to evaluate course offerings. It is further understood that community/junior colleges and universities are expected to comply with accreditation requirements and that a cooperative spirit will prevail in working through any needed changes.

There will be an IHL Articulation Subcommittee of the University Chief Academic Officers' Council with Community and Junior College representatives to serve on this subcommittee as nonvoting members for information purposes.

Editorial changes made by the Articulation Subcommittee shall need no further approval; however, any proposed changes in course offerings or transfer hours shall be made in accordance with the following procedures:

- 1) In consultation with Chief Academic Officers, each institution shall identify proposed articulation agreement changes to IHL through its Articulation Subcommittee representative by May 15 each year
- 2) The IHL Articulation Subcommittee representative and representatives of each academic department/dean's office which offers the program involved shall discuss articulation agreement changes between May 16 and June 10.
- 3) Proposed changes approved by the IHL Articulation Subcommittee will be shared by IHL with the community/junior college representatives. Community/junior college representatives will have until June 30 to review and comment on the proposed articulation changes.
- 4) The IHL Articulation Subcommittee and community/junior college representatives will meet to discuss proposed articulation changes. This meeting will take place between July 1 and July 31. This meeting will include IHL and CJC articulation committee members.
- 5) The IHL Chief Academic Officers will consider approval of proposed articulation changes at their August meeting.
- 6) Articulation changes shall be communicated to universities and community/junior colleges (presidents and chief academic officers) by September 30 for changes which are to be implemented the following fall semester. Any changes to these published dates are subject to approval by the IHL Chief Academic Officers and the Mississippi Community and Junior Colleges Academic Officers Association.

Upon approval, the changes will be published and distributed to the universities and community/junior colleges. It is intended that the document be used as a minimum program of transfer and not replace articulation agreements between individual universities and community/junior colleges.

Transfer of the Associate of Arts Degree

The Mississippi Institutions of Higher Learning Board of Trustees has approved a policy for students transferring to IHL universities with an Associate of Arts (AA) degree from a Mississippi Community or Junior College. This policy includes the following specifications:

- 1) Students that graduate with an AA degree from a Mississippi community/junior college and complete the 30-hour IHL Board core curriculum (Board Policy Section 512 "Core Curriculum") with a grade of "C" or better in each core course will satisfy the IHL core curriculum requirement at each IHL institution. General education requirements for baccalaureate programs at the receiving institutions may exceed the minimum IHL core curriculum. In such cases, transfer students may need to take additional courses to satisfy these requirements.

- 2) All non-IHL core curriculum courses in the AA degree program may be assigned to fulfill the pre-major or elective requirements, dependent upon the non-IHL core curriculum courses taken within the AA degree program and the declared major that the IHL institution.

Please note that certain undergraduate degrees have pre-major course requirements and other pre-requisites that will not necessarily be satisfied by the AA degree. The Articulation Agreement serves as a valuable resource to help the Mississippi community/junior college students and advisors identify the pre-major courses as well as other course recommendations that will help position potential transfer student for entrance into a particular major at one or more of the IHL institutions.

In addition, the IHL Articulation Subcommittee strongly suggests that potential transfer students avoid taking courses that are considered to be equivalent or highly similar. For example, many of the IHL universities cannot apply both BIO 1114 and BIO 1134 to a degree plan.

Notes

*The MSU Applied Technology in Healthcare Services degree allows up to 28 hours of technical/academic electives from the community college. A maximum of 62 hours can be transferred for this BS degree; therefore, student should select no more than 62 hours from those hours listed above. Many General Education courses are not offered at MSU-Meridian; therefore, it is strongly recommended that students take the General Education courses before enrolling at MSU-Meridian or consult an advisor at MSU-Meridian for available courses.

**USM General Education Curriculum Note: Additional courses may satisfy specific university general education curriculum requirements. See the USM General Education Curriculum (GEC) Course Transfer Policy (Appendix A) for details. Specific program requirements are found in the USM Undergraduate Bulletin Degree Plans: <http://catalog.usm.edu/>

***The USM Applied Technology degree requires 36 hours of technical electives from the community college. A maximum of 60 hours can be transferred for this BS degree; therefore, students should select no more than 24 hours from the 38 hours listed above.

Acceptance of community/junior college work is limited to one-half of the total degree hour requirements for graduation in a given curriculum.

MUW Total 62

Notes

The degree program is designed for students who have earned an A.A.S. degree and would like to continue their educational pursuits towards a baccalaureate degree. This degree accepts up to 43 hours of career and technical credit toward the total number of 124 hours required for degree completion. No more than 62 hours may be transferred from a community college.

Any MUW General Education required courses not completed within the A.A.S. degree may be completed at MUW as part of the remaining upper division hours needed for the BT Degree at MUW.

Admission to the program requires an earned A.A.S. degree or approved technical Associate's degree. The Culinary Arts, MIS and Legal Administration concentrations require the additional requirement that a student complete an A.A.S. from a specific discipline.

In admission for the Culinary Arts concentration, students must earn an A.A.S. from one of the following disciplines: Culinary Arts, Hotel/Restaurant Management, or Hospitality and Tourism Management

In admission for the MIS concentration, students must earn an A.A.S. from one of the following disciplines: Accounting Technology, Medical Billing and Coding Technology, Computer Networking Technology, Medical Office Technology, Computer Programming Technology, Microcomputer Technology, Database Administration Technology, Office Systems Technology, Health Information Technology, Web Development Technology

In admission for the Legal Administration concentration, students must earn an A.A.S. from one of the following disciplines: Accounting, Business Administration, Criminal Justice, General Business, General Studies, Law Office Management, Office Assistant, Paralegal, Political Science, Social Science, and Public Administration

Students seeking more information about the program's admission, course requirements, and degree options should contact MUW at 662-329-7135.

Notes

*MSU requires 9 hours of foreign language.

**This degree at UM requires three science courses, of which two must have labs. Two of the courses must be in the same area of science, and the third course must be in a different department. Please note that astronomy, physical science, and physics courses are considered different areas of science. Consult the UM catalog for specific details.

***USM General Education Curriculum Note: Additional courses may satisfy specific university general education curriculum requirements. See the USM General Education Curriculum (GEC) Course Transfer Policy (Appendix C) for details. Specific program requirements are found in the USM Undergraduate Bulletin Degree Plans: <http://catalog.usm.edu/>

****At USM, College Algebra (MAT 1313) is required for the Social Science emphasis only. Calculus I (MAT 1613) is required for the Mathematics emphasis only.

*****Foreign Language requirement for USM: Twelve (12) hours in a single foreign language; fewer hours may suffice, but course level 202 must be complete.

Acceptance of community or junior college work is limited to one-half of the total degree hour requirements for graduation in a given curriculum.

Notes

The DSU Elementary Education program is designed such that all teacher candidates will have a concentration (18 hours) in Reading which can lead to a Reading endorsement with an additional 3 hours.

It is strongly recommended that students complete the Praxis Core Academic Skills for Educators (formerly Praxis I) examination prior to transferring (if required).

*Endorsement Areas

For Mississippi K-6 Licensure in elementary education, the Mississippi Department of Education requires that candidates have completed at least 18 hours, in each of two endorsement areas, with no grade lower than a "C". In addition, some IHL universities also offer elementary education programs, K-6 with 2 add-on endorsements. In these programs, candidates earn an additional three (3) hours, or twenty-one (21) hours in each of the two endorsement areas, with no grade lower than a "C". These programs prepare the students for Mississippi K-6 licensure, with add-on endorsements for grades 7-12 in English, General Science, and Social Studies or grades 7-8 in math. These are endorsement areas accepted by all eight (8) IHL universities. Interdisciplinary programs of study for all elementary education teacher candidates (K-3, K-6) must include at a minimum 15 hours of Reading/Literacy courses. Acceptable transfer courses for these endorsement areas are as follows:

ENGLISH: ENG 1113, ENG 1123, ENG 2223, ENG 2233, ENG 2213, ENG 2323, ENG 2333, ENG 2423, ENG 2433, ENG 2413, ENG 2153"

Notes

It is strongly recommended that students complete the Praxis Core Academic Skills for Educators (formerly Praxis I) examination prior to transferring (if required).

***Endorsement Areas**

For Mississippi K-6 Licensure in elementary education, the Mississippi Department of Education requires that candidates have completed at least 18 hours, in each of two endorsement areas, with no grade lower than a "C". In addition, some IHL universities also offer elementary education programs, K-6 with 2 add-on endorsements. In these programs, candidates earn an additional three (3) hours, or twenty-one (21) hours in each of the two endorsement areas, with no grade lower than a "C". These programs prepare the students for Mississippi K-6 licensure, with add-on endorsements for grades 7-12 in English, General Science, and Social Studies or grades 7-8 in math. These are endorsement areas accepted by all eight (8) IHL universities. Interdisciplinary programs of study for all elementary education teacher candidates (K-3, K-6) must include at a minimum 15 hours of Reading/Literacy courses. Acceptable transfer courses for these endorsement areas are as follows:

ENGLISH:

ENG 1113, ENG 1123, ENG 2223, ENG 2233, ENG 2213, ENG 2323, ENG 2333, ENG 2423, ENG 2433, ENG 2413, ENG 2153

*MSU requires one life science (BIO) and one physical science (CHE, PHY, GLY).

**At DSU, PHI 2113 is recommended.

***MUW and MVSU require twelve (12) hours of foreign language; 6 hours must be at 2000 level.

****This degree at UM requires three science courses, of which two must have labs. Two of the courses must be in the same area of science, and the third course must be in a different department. Please note that astronomy, physical science, and physics courses are considered different areas of science. Consult the UM catalog for specific details.

*****USM General Education Curriculum Note: Additional courses may satisfy specific university general education curriculum requirements. See the USM General Education Curriculum (GEC) Course Transfer Policy (Appendix C) for details. Specific program requirements are found in the USM Undergraduate Bulletin Degree Plans: <http://catalog.usm.edu/>

*****Foreign Language requirement for USM: Twelve (12) hours in a single foreign language; fewer hours may suffice, but course level 202 must be completed.

Acceptance of community/junior college work is limited to one-half of the total degree hour requirements for graduation in a given curriculum.

Notes

*MSU requires one life science (BIO) and one physical science (CHE, PHY, GLY). This degree at UM requires three science courses, of which two must have labs. Two of the courses must be in the same area of science, and the third course must be in a different department. Please note that astronomy, physical science, and physics courses are considered different areas of science. Consult the UM catalog for specific details.

**MSU requires that Social Sciences be taken from two different subject areas.

***USM General Education Curriculum Note: Additional courses may satisfy specific university general education curriculum requirements. See the USM General Education Curriculum (GEC) Course Transfer Policy (Appendix C) for details. Specific program requirements are found in the USM Undergraduate Bulletin Degree Plans: <http://catalog.usm.edu/>

****The Liberal Studies degree requires a minimum of 120 semester hours.

^UM has established a 2+2 curriculum agreement with Northwest Community College. Students planning to transfer from this community college to UM for Liberal Studies BA should follow this 2+2 curriculum agreement. (See Appendix E for list of programs and concentrations)

Notes

The Bachelor of General Studies degree requires a minimum of 120 semester hours.

*The General Studies major requires three (3) minor fields for a total of 45-63 semester hours depending on the minors the student chooses. Most minors require 18 hours for a total of 54 hours. In addition to the core courses, the remaining hours can be in electives (27-45 hours) to complete the 120-hour requirement. All minor courses must be completed with grades of "C" or better. At least 30 hours of courses must be at the 300-level or above and at least 30 hours of courses must be taken in residence. The General Studies degree must have 120 total hours with each course satisfying only one degree requirement (core or minor or elective) with a cumulative resident and overall GPA of at least 2.00.

UM has established a 2+2 curriculum agreement with Holmes Community College and Northwest Community College. Students planning to transfer from these community colleges to UM for General Studies BGS should follow this 2+2 curriculum agreement. (See Appendix E for list of programs and concentrations)

Notes

It is strongly recommended that students complete the Praxis Core Academic Skills for Educators (formerly Praxis I) examination prior to transferring (if required).

* MSU's degree is Kinesiology with a Teaching/Coaching concentration.

**In addition, it is strongly suggested that students seeking a Physical Education (P.E.) Licensure prepare themselves to teach in one additional discipline. The Mississippi Department of Education requires 21 semester hours of prefix-specific courses with a grade of "C" or better. Some of the common supplemental endorsement areas are English, Communication, Social Studies, Mathematics, and General Science. Courses that can be transferred from Mississippi community/junior colleges for these area are listed on the following page.

Notes

*MSU requires one life science (BIO) and one physical science (CHE, PHY, GLY).

**Only one course from each subject area should be taken.

***This degree at UM requires three science courses, of which two must have labs. Two of the courses must be in the same area of science, and the third course must be in a different department. Please note that astronomy, physical science, and physics courses are considered different areas of science. Consult the UM catalog for specific details.

****USM General Education Curriculum Note: Additional courses may satisfy specific university general education curriculum requirements. See the USM General Education Curriculum (GEC) Course Transfer Policy (Appendix C) for details. Specific program requirements are found in the USM Undergraduate Bulletin Degree Plans: <http://catalog.usm.edu/>

*****Foreign Language requirement for USM: Twelve (12) hours in a single foreign language; fewer hours may suffice, but course level 202 must be completed. ^MSU has established a 2+2 curriculum agreement with Hinds Community College, Itawamba Community College, East Mississippi Community College, and Jones County Junior College. Students planning to

transfer from these community colleges to MSU for History BA should follow this 2+2 curriculum agreement.

Notes

*MSU requires one life science (BIO) and one physical science (CHE, PHY, GLY).

**Credit for ensemble is awarded at the discretion of the institution. Courses relevant to the student's emphasis will apply.

***Only one course from each subject area should be taken.

****MSU accepts Music Theory I, II, III, IV (and the corresponding aural skills courses/components), Piano Class I, II, III, IV, and up to 8 hours of applied lessons (MUA). All students must demonstrate proficiency in Music Theory, Aural Skills, Piano and Performance (instrumental or vocal) through upper division proficiency exams before registering for any upper division music courses at MSU.

*****Public Speaking I (SPT 1113) applies only to the BA in Music at MSU.

*****Although Recital courses carry one credit at the community college, required recital hours at the universities carry zero credit hours.

*****At UM, students must be admitted to this program. Students who pass MUS 1214 or 1213, 1211 at the community college with a grade of "C" or better, and then pass with a score of 70% or higher on the proficiency exam at UM will receive equivalent credit for MUS 205 at UM. Students who pass MUS 1224 or 1223, 1221 at the community college with a grade of "C" or better, and then pass with a score of 70% or higher on the proficiency exam at UM will receive equivalent credit for MUS 205 and MUS 206 at UM.

*****This degree at UM requires three science courses, of which two must have labs. Two of the courses must be in the same area of science, and the third course must be in a different department. Please note that astronomy, physical science, and physics courses are considered different areas of science. Consult the UM catalog for specific details.

*****USM has a separate page for Music Education BMEd.

*****USM General Education Curriculum Note: Additional courses may satisfy specific university general education curriculum requirements. See the USM General Education Curriculum (GEC) Course Transfer Policy (Appendix C) for details. Specific program requirements are found in the USM Undergraduate Bulletin Degree Plans: <http://catalog.usm.edu/>

*****Credit will be given for Music Theory courses if student passes the placement test. An audition is required.

Acceptance of community or junior college work is limited to one-half of the total degree hour requirements for graduation in a given curriculum.

*MSU requires one life science (BIO) and one physical science (CHE, PHY, GLY).

**MVSU requires twelve (12) hours of foreign language; 6 hours must be at 2000 level.

***This degree at UM requires three science courses, of which two must have labs. Two of the courses must be in the same area of science, and the third course must be in a different department. Please note that astronomy, physical science, and physics courses are considered different areas of science. Consult the UM catalog for specific details.

****USM General Education Curriculum Note: Additional courses may satisfy specific university general education curriculum requirements. See the USM General Education Curriculum (GEC) Course Transfer Policy (Appendix C) for details. Specific program requirements are found in the USM Undergraduate Bulletin Degree Plans: <http://catalog.usm.edu/>

*****Foreign Language requirement for USM: Twelve (12) hours in a single foreign language; fewer hours may suffice, but course level 202 must be completed. Acceptance of community or junior college work is limited to one-half of the total degree hour requirements for graduation in a given curriculum.

Notes

*MSU requires one life science (BIO) and one physical science (CHE, PHY, GLY). The degree at MSU requires 123 hours. Only 61 hours will be counted towards degree requirements.

**This degree at UM requires three science courses, of which two must have labs. Two of the courses must be in the same area of science, and the third course must be in a different department. Please note that astronomy, physical science, and physics courses are considered different areas of science. Consult the UM catalog for specific details.

***USM offers both BA and BS degrees in Sociology. The BS degree does not require foreign language hours, but the BA degree requires nine (9) hours of a single foreign language. Fewer hours may suffice, but course level 201 must be completed. USM General Education Curriculum Note: Additional courses may satisfy specific university general education curriculum requirements. See the USM General Education Curriculum (GEC) Course Transfer Policy (Appendix C) for details. Specific program requirements are found in the USM Undergraduate Bulletin Degree Plans: <http://catalog.usm.edu/>

Acceptance of community/junior college work is limited to one-half of the total degree hour requirements for graduation in a given curriculum.

Notes

*MSU does not offer a course equivalent to BIO 2414. Students who choose to take BIO 1314 must complete the sequence at the community college.

**When CHE 1313 and CHE 1323 are not offered, students should take CHE 1213 and CHE 1223. If CHE 1323 is not offered, CHE 1223 may be taken to complete the sequence.

***Although PHY 2514, and PHY 2524 are 4-hour courses at the community colleges, the equivalent courses at MSU are 3-hour courses; therefore, only 3 hours per course will be applied toward the degree.

****Acceptance of community or junior college work is limited to one-half of the total degree hour requirements for graduation

in a given curriculum.

APPENDIX A
USM TRANSFER POLICY

General Education Curriculum (GEC) Course Transfer Policy

The University of Southern Mississippi (USM) will apply the transfer of a passed course from an accredited institution of higher learning to USM general education requirements, provided (1) that the course was taken in good faith to meet the published general education curriculum at the institution where the student was previously enrolled as a degree-seeking student and (2) that the course pertains to appropriate GEC categories* at USM and also meets Southern Association of Colleges and Schools Commission on Colleges (SACSCOC) criteria.

These courses will satisfy specific university general education curriculum requirements, but may not necessarily satisfy the program curriculum in cases where a specific GEC course is required. Required GEC courses are identified in the Undergraduate Bulletin degree plans under the Program Curriculum heading.

The Articulation Agreement between the Mississippi Board of Trustees of State Institutions of Higher Learning and the Mississippi Community College Board will list a standard set of recommended GEC transfer courses on all USM articulation plans and inform students of the USM GEC Course Transfer Policy.

Requests to apply this policy originate with the student's academic department and follow the standard General Education Curriculum substitution request process. Applicable GEC course transfer requests require documentation on general education curriculum information at the institution where the student was previously enrolled as a degree-seeking student.

*Appropriate GEC Categories:

- GEC 01. Written Communication (6 hours)**
- GEC 02. Natural Science and Mathematics (11 hours minimum)**
Science Requirement (8 hours minimum)
Mathematics Requirement (3 hours)
- GEC 03. Humanities (9 hours)**
- GEC 04. Aesthetic Values (3 hours)**
- GEC 05. Social and Behavioral Sciences (6 hours)**
- GEC 06. Computer Competency**
- GEC 08. Speaking-Intensive Requirement**

Policy does not apply to GEC 07 (Writing-Intensive) or GEC 09 (Capstone) Categories.

Approved by:
General Education Committee 2.10.14
Academic Council 2.10.14
Provost 2.11.14

General Chemistry II	CHE 1221	CHE 1223	CHE 1224
Principles of Chemistry I	CHE 1311	CHE 1313	CHE 1314
Principles of Chemistry II	CHE 1321	CHE 1323	CHE 1324
Organic and Biochemistry Survey	CHE 1411	CHE 1413	CHE 1414
Introductory Organic Chemistry	CHE 2411	CHE 2413	CHE 2414
Organic Chemistry I	CHE 2421	CHE 2423	CHE 2424
Organic Chemistry II	CHE 2431	CHE 2433	CHE 2434

APPENDIX C
SCIENCE COURSES

Subject Area	Lab	Lecture	Combined Lecture & Lab
Geology			
Physical Geology	GLY 1111	GLY 1113	
Historical Geology	GLY 1121	GLY 1123	
Physics			
Introduction to Astronomy	PHY 1111	PHY 1113	PHY 1114
Survey of Physics	PHY 1211	PHY 1213	PHY 1214
Physical Science I	PHY 2241	PHY 2243	PHY 2244
Physical Science II	PHY 2251	PHY 2253	PHY 2254
Physics I	PHY 2311	PHY 2312	PHY 2313
Physics II	PHY 2321	PHY 2322	PHY 2323
Physics III	PHY 2331	PHY 2332	PHY 2333
General Physics I	PHY 2411	PHY 2413	PHY 2414
General Physics II	PHY 2421	PHY 2423	PHY 2424
General Physics I-A	PHY 2511	PHY 2513	PHY 2514
General Physics II-A	PHY 2521	PHY 2523	PHY 2524

Note:

*At UM, Chemistry Survey (CHE 1111, CHE 1113, and CHE 1114) does not meet the science requirement.

ONLINE DEGREE PROGRAMS**

Institution	Degree	Program
Delta State University		
	Bachelors	Nursing BSN (RN to BSN)
Jackson State University		
	Bachelors	Child Care and Family Education BS
	Bachelors	Health Care Administration BS
	Bachelors	Industrial Technology (concentration in Emergency Management
	Bachelors	Professional Interdisciplinary Studies BS
Mississippi State University		
	Bachelors	Elementary Education BS
	Bachelors	Geoscience (Broadcast Meteorology) BS
	Bachelors	Geoscience (Operational Meteorology) BS
	Bachelors	Interdisciplinary Studies BS
	Bachelors	Technology Teacher Education BS
Mississippi University for Women		
	Bachelors	Business Administration (General Business) BS
	Bachelors	Business Administration (Management Information Systems) BS
	Bachelors	Communications BA
	Bachelors	Communications BS
	Bachelors	Nursing BSN (RN to BSN) - Advanced Placement Option
	Bachelors	Professional Studies (General Studies) BT
	Bachelors	Professional Studies (Legal Administration) BT
	Bachelors	Professional Studies (Management Information Systems) BT
	Bachelors	Public Health Education BS
	Bachelors	Public Safety Administration (Fire Safety Management) BA
	Bachelors	Public Safety Administration (Fire Safety Management) BS
	Bachelors	Public Safety Administration (General Business) BA
	Bachelors	Public Safety Administration (General Business) BS
