NURSING- LICENSED PRACTICAL:

Welcome to East Mississippi Community College. Thank you for your interest in our program. East Mississippi Community College (EMCC) is accredited by the Southern Association of Colleges and Schools Commission on Colleges to award certificates and the associate degree.

Contact the Commission on Colleges at 1866 Southern Lane, Decatur, Georgia, 30033-4097 or call (404) 679-4500 for questions about the accreditation of EMCC. The Commission is only to be contacted if there is *evidence* that appears to support an institution's significant non-compliance with a requirement or standard. All normal inquiries about the institution, such as admission requirements, financial aid, educational programs, and other college related information should be addressed directly to the College and NOT to the office of the Commission on Colleges.

Accreditation is also maintained through the Mississippi Board of Nursing, 713 Pear Orchard Road, Plaza II, Suite 300, Ridgeland, MS 39157

PURPOSE

The purpose of the program is to prepare men and women for the role of the Practical Nurse competent to practice under the supervision of a Registered Nurse, Physician or Licensed Dentist.

Graduates of the program receive a vocational certificate in Practical Nursing, which meets the educational requirement needed to apply for the National Council of State Boards of Nursing licensure examination for the Practical Nurse (NCLEX-PN®). Successful completion of the nursing program does not guarantee eligibility to sit for the NCLEX-PN® or application for licensure. The Board of Nursing will conduct a criminal background check on each student (at the student's expense) prior to graduation and may, at its discretion, deny any application to sit for exam or application for licensure due to, but not limited to, conviction of a felony, commission of fraud or deceit in the application process or addiction to alcohol or other drugs. Please see the National Council of State Boards of Nursing website, www.ncsbn.org, for more information.

Please utilize the following admission guidelines when applying.

ADMISSION PROCEDURE

To be considered for the Practical Nursing program, applicants must meet the minimum requirements, and submit all required paperwork by **October 1st for Spring admission**. Incomplete admission packets will not be considered for admission. Students who do not meet the admission criteria will not be considered for admission.

Please note: Meeting all admission requirements does not guarantee acceptance into the Practical Nursing program. Admission is competitive and enrollment is limited.

1. Go to <http://www.eastms.edu/> and select the “Apply Now!” link to submit an online application for admission to East Mississippi Community College. You must indicate nursing under your major. Do not designate RN or Practical Nursing, just “nursing”. Acceptance to East Mississippi Community College does not guarantee acceptance to the Practical Nursing program. Letters of pending acceptance will come from the Director of Nursing.
2. Submit a completed School of Nursing Application to the Health Sciences Office Manager.
3. Submit an official high school transcript from an accredited high school showing date of graduation and principal’s signature;
Or
Submit an official GED transcript with satisfactory scores.
4. Submit official transcripts from **all colleges** previously attended. Transcripts cannot be stamped “issued to student”.
5. Any applicant who has ever attended another nursing program must have a letter of good standing from their former nursing school director sent directly to the EMCC Director of Nursing. A letter of good standing indicates that the student is eligible for immediate readmission into the former nursing program. Applicants without letters of good standing from previous nursing schools will not be considered for this program. Applicants who have been unsuccessful more than once in any nursing school will not be eligible for admission into the Practical Nursing program at EMCC for a period of five years from last attendance in a nursing program.
6. Applicant must have:
 - a. A minimum composite score of 16 with sub score of 16 in reading on the ACT.
 - b. A grade of “C” or higher in Anatomy and Physiology I & II - prerequisite **science** classes must have been completed within the last 5 years.
 - c. Cumulative GPA of 2.0 or higher on a 4.0 scale for all previous college work attempted.

SELECTION CRITERIA:

If the prospective student fails to complete the application process, is unsuccessful in prerequisite courses, fails to register, or is not accepted into the program, the application process must be repeated for consideration for the next program as a wait list is not maintained.

Selection of applicants is made by using a point system. (The Practical Nursing Applicant scoring sheet is included in this packet for informational purposes only.) Extra points may be earned in one of three ways: Two years of High School Medical Technology with a letter of recommendation from instructor, Current CNA certificate with letter of recommendation from employer, or an Associate degree or higher in another field. Extra points are awarded only if letters of recommendation, current CNA certificate, and/or transcripts are included in required admission paperwork packet. Applicants are ranked numerically and the top-ranking students are offered admission pending completion of admission paperwork. The remaining applicants will be placed on the alternate list in rank order. If one of the students offered pending admission does not accept, the alternate applicants, in rank order, will be offered pending admission. Points will be awarded on the following criteria:

- a. Cumulative GPA from most recent record. (High school or college)
- b. ACT scores (minimum composite of 16 with a 16 in reading)

If there is a tie, the applicant with the higher GPA will be offered admission first. If there is still a tie, the applicant with the higher ACT score will be offered admission first.

All students selected are considered pending admission until all required paperwork is turned in and a “clear” criminal background check is received.

All students meeting the requirements for the program will be sent a letter stating they are pending admission, not accepted, or on the alternate list.

Students pending admission will receive a packet including a health form and CPR information. All health forms, immunization forms, lab results, and proof of CPR certification must be turned in to the Office Manager by the deadline given by the instructor(s) at Journey East (program orientation).

All required paperwork must be submitted as a complete package. **INCOMPLETE PACKAGES WILL BE RETURNED TO THE STUDENT.** Without completed paperwork, you will not be allowed in class.

1. Each pending student must have a Health Care Provider “C” CPR card. The expiration date must not be earlier than the anticipated date of graduation. If you need a CPR class, you may contact the nursing and health science office. Additionally, you may check with the education department of your local hospital to arrange a CPR class. CPR certification must remain current while enrolled in the program.
2. A history and physical exam.
3. All pending students must have a drug screen performed at a time and location designated by the school. No other results will be accepted. Offer of admission will be rescinded if the student fails to keep the assigned time or location of their drug screen for any reason. All non-negative drug screens will be reviewed on a case-by-case basis prior to final acceptance into the PN program. Cost of the drug screen is the responsibility of the applicant.
4. Evidence of measles and mumps vaccination or evidence of immunity documented by having one of the following:
 - a. Documentation of having received two (2) live measles vaccinations (MMR) after first birthday.
 - b. Documentation of having had physician-diagnosed measles
 - c. Laboratory evidence of measles/mumps immunity, or
 - d. Birth before 1957 and with Rubella immunity.
5. A negative **two-step TB skin Test** or proof of a previous two-step with a current yearly TB skin test. A negative Chest X-ray or QuantiFERON result in lieu of skin test for students with history of positive skin tests is acceptable. Your healthcare provider will determine which test is necessary. This is a yearly requirement. A copy of the results of the test must be submitted annually.
6. Proof of vaccination for Hepatitis B or titer.

7. Proof of vaccination for varicella or titer.
8. Proof of vaccination for Tdap or DTAP. Tetanus vaccine within last 10 years.
9. Influenza Vaccination – Students will be required to follow each third-party clinical affiliate’s (e.g., hospitals, long-term care facilities, and other healthcare providers) Flu protocol. The college has no control over policies mandated by these clinical affiliates. Clinical affiliates may require students presenting inside their facilities to be fully vaccinated and provide proof of vaccination in order to participate in the clinical portion of the College’s health science curriculum. If a participating clinical affiliate allows certain medical and religious exemptions to Flu vaccination mandates and the student wishes to apply for such an exemption, the student must first apply for an exemption with the EMCC Nursing and Health Sciences Clinical Review Committee. If approved by the committee, the student may use such approval as support for requesting an exemption with clinical affiliates, as necessary. An approved exemption by the committee is no guarantee that any or all of the clinical affiliates will approve an exemption. Furthermore, the student understands that an exemption application does not guarantee that the student will be eligible to complete clinical requirements of their particular Nursing and Health Science program as set forth by the college and accrediting body.
10. Proof of health insurance. Some facilities require proof of health insurance. We can provide information for student health insurance that the applicant can apply for. The cost of the insurance is not covered by the college. This is the responsibility of the student.
11. COVID-19 Vaccination – Students will be required to follow each third-party clinical affiliate’s (e.g., hospitals, long-term care facilities, and other healthcare providers) COVID-19 protocol. The college has no control over policies mandated by these clinical affiliates. Clinical affiliates may require students presenting inside their facilities to be fully vaccinated and provide proof of vaccination in order to participate in the clinical portion of the College’s health science curriculum. If a participating clinical affiliate allows certain medical and religious exemptions to COVID-19 vaccination mandates and the student wishes to apply for such an exemption, the student must first apply for an exemption with the EMCC Nursing and Health Sciences Clinical Review Committee. If approved by the committee, the student may use such approval as support for requesting an exemption with clinical affiliates, as necessary. An approved exemption by the committee is no guarantee that any or all of the clinical affiliates will approve an exemption. Furthermore, the student understands that an exemption application does not guarantee that the student will be eligible to complete clinical requirements of their particular Nursing and Health Science program as set forth by the college and accrediting body.
12. Pursuant to Section 37-29-232 of the Mississippi Code of 1972, Annotated, and Section 43- 11- 13 of the Mississippi Code of 1972, Annotated, nursing and allied health students must submit to a fingerprint background check prior to any clinical activity in a licensed healthcare facility. Each student pending admission must receive a “clear” criminal background check in order to be fully admitted to the program. Payment for the background check is the responsibility of the student. In addition to the disqualifiers listed in section 43-31-13, (felony possession of or sale of drugs, murder, manslaughter, armed robbery, rape, sexual battery, any sex offense listed in Section 45- 33-23(f), child abuse, arson, grand larceny, burglary, gratification of lust, aggravated assault, or felonious abuse and/or battery of a vulnerable adult, or that any such conviction or plea was reversed on appeal or a pardon was granted for the conviction or plea.) a healthcare facility has the right to deny any student access to their facility for clinical purposes that they feel is unsuitable for employment or for the clinical setting. If a student is barred from **any clinical agency for any reason** they will not be eligible to enter or continue in the program.

READMISSION PROCEDURE:

If the student leaves the program after successfully completing the first semester and desires readmission, he/she must:

1. Request readmission in writing to the Director of Nursing.
2. The student will be given credit for any semester satisfactorily completed within the previous twelve (12) months, but will be required to repeat all courses within the semester during which the student was terminated. The student seeking readmission must pass a competency test for all previous nursing theory, including Pharmacology content and must show competency in previous lab skills. To be considered for readmission, the student must complete all requirements with at least an 80% on the first attempt. The student must complete the remaining semester(s) during this enrollment or become ineligible for readmission for a period of 5 years.
3. Readmission will be dependent on whether there are openings in the class and if the student is deemed to be in good standing by Director and/or PN faculty. Applicants demonstrating competency in theory and skills will be ranked using the Practical Nursing applicant scoring sheet included in this packet. If there are more applicants than space, the highest ranked applicant will be offered admission first. If there is a tie, the applicant with the highest GPA will be offered admission first. If there is still a tie, the applicant with the higher ACT score will be offered admission first.
4. Applicants who have been unsuccessful more than once in any nursing school (including EMCC) will not be eligible for readmission into the Practical Nursing program at EMCC for a period of five years from last attendance in a nursing program.
5. For consideration for readmission to the program after being terminated due to drug or alcohol problems, a lapse of two (2) years, documentation of completion of a certified rehab/detox program, and repeating all previous levels of the program will be required. **Successful completion of the nursing program does not guarantee eligibility to sit for the NCLEX-PN®.** A Board of Nursing may, at its discretion, refuse to accept the licensure application of any person who has been convicted of a felony or misdemeanor or has charges pending on such issues.

All students selected are considered **pending** admission until all required paperwork is turned in and a “clean” criminal background check and a negative drug screen is received.

All students meeting the requirements for readmission will be sent a letter stating they are pending admission, or were not accepted.

After an unsuccessful attempt during the first semester, those seeking readmission must follow regular admission guidelines.

Students successfully completing the first semester are eligible to sit for the Certified Nursing Assistant exam. Please see your advisor for further information.

READMISSION TO TRANSFER CAMPUS:

A student who fails or withdraws from Semester II or III will be considered for readmission and transfer to the other campus for these semesters if there is space available at the campus. The student must:

1. Be in good standing and meet the requirement of cumulative GPA of 2.0 or higher on a 4.0 scale for all previous college work attempted.
2. To be considered for readmission and transfer for these semesters, the student must submit a request in writing to the Director of Nursing within one month of leaving the program, but prior to the start of the next semester. In the case of multiple re-applicants with limited space, the students will be ranked according to GPA of previous courses taken in the practical nursing program.
3. The student will be given credit for Semester I coursework satisfactorily completed within the twelve (12)

months.

Nursing classes taken at another college other than EMCC will not be accepted for transfer.

PROGRESSION, RETENTION, AND GRADUATION

1. Students must maintain an overall grade of “C” or better in all curricular coursework in order to continue in the nursing program and to be eligible to graduate.
2. Students must maintain at least an 80 in all clinical courses.
3. Students must demonstrate continuous progress in the nursing sequence.
4. Students who fails a nursing course must repeat that semester the next time it is offered, or restart the program from the beginning.
5. Students must take and pass each nursing course in sequence.
6. All assignments and assigned remediation must be satisfactorily completed to progress in each course
7. The prospective graduate must have a 2.0 or above on the final overall Grade Point Average.
8. For a student to be eligible for graduation, at least 25% of the credit semester hours required must be completed through instruction offered at EMCC.

PROGRAM OF STUDY:

The Practical Nursing Program is a course of study designed to prepare individuals to become a Licensed Practical Nurse. The program is designed to be completed within 12 months of admission into the first nursing class. All students must maintain full time status once beginning the program.

The Practical Nurse will gain classroom and laboratory instruction in such areas as: vocational adjustments, basic nursing skills, nutrition, anatomy and physiology, human growth and development, pharmacology, maternal child nursing, emotional and mental illness, and medical/surgical nursing. Affiliating hospitals and healthcare agencies provide clinical experiences.

A student must apply to the program, meet all requirements and be selected in order to register for Nursing Courses. Pre-requisites are listed below. See the East Mississippi Community College Catalogue for description of pre-requisites. All science courses must have been completed within the last 5 years. Letter of good standing from former nursing program _____

☐ **STEP 1**

Go to <http://www.eastms.edu/> and select the “Apply Now!” link to submit an online application for admission to East Mississippi Community College. Acceptance to East Mississippi Community College does not guarantee acceptance to the Practical Nursing program. Letters of pending acceptance will come from the Director of Nursing.

☐ **STEP 2**

Fill out an application for the School of Nursing (included in this packet). This application should be returned to the Office Manager. Make sure to include letters of recommendation, letters of good standing from former nursing directors, and copy of CNA certification or other documents if applicable.

☐ **STEP 3**

Request transcripts to be sent to EMCC from all other educational institutions you have attended- this include high school. (Transfer Request Form included in this packet). Make sure you request transcripts from all schools attended.

☐ **STEP 4**

Make sure your ACT scores (minimum composite score 16 with a sub score of 16 in Reading) are on file in the admissions office or schedule and take your ACT before the June 1st deadline.

☐ **STEP 5**

After the deadline you will be notified if you have been selected for pending admission. If you accept a slot in the program, you will be required to attend mandatory orientation on date included in your acceptance letter. EMCC does not keep a wait list for admission. If you are not chosen for the program, you must reapply the next time a class starts. It is your responsibility to be sure that all your paperwork is on file prior to the deadline. Remember, just because you request a document to be sent to EMCC does not mean that it was sent or received.
