Welcome to East Mississippi Community College. Thank you for your interest in our program. East Mississippi Community College (EMCC) is accredited by the Southern Association of Colleges and Schools Commission on Colleges to award certificates and the associate degree. Contact the Commission on Colleges at 1866 Southern Lane, Decatur, Georgia, 30033-4097 or call (404) 679-4500 for questions about the accreditation of EMCC. The Commission is only to be contacted if there is *evidence* that appears to support an institution's significant non-compliance with a requirement or standard. All normal inquiries about the institution, such as admission requirements, financial aid, educational programs, and other college related information should be addressed directly to the College and NOT to the office of the Commission on Colleges.

The purpose of the program is to prepare men and women for the role of the registered nurse, competent to function as a professional and valuable member of the health care team in providing care for individuals, families, and communities. Admission Packet

Graduates of the program receive the Associate of Applied Science in Nursing Degree which meets the educational requirement needed to apply for the National Council of State Boards of Nursing licensure examination for the Registered Nurse (NCLEX-RN®). Successful completion of the nursing program does not guarantee eligibility to sit for the NCLEX-RN® or application for licensure. The Board of Nursing will conduct a criminal background check on each student (at the student's expense) prior to graduation and may, at its discretion, deny any application to sit for exam or application for licensure due to, but not limited to, conviction of a felony, commission of fraud or deceit in the application process or addiction to alcohol or other drugs. Please see the National Council of State Boards of Nursing website, www.ncsbn.org, for more information.

Please utilize the following admission guidelines when applying.

To be considered for the LPN-RN track, applicants must complete all testing, meet the minimum requirements, and submit all required paperwork by July 1st each year for fall admission. Incomplete admission packets will not be considered for admission. **All pre-requisites must be completed with the required grade prior to the July deadline.** The applicant is responsible for ensuring that all required documents are received, correct, and complete.

Please note: Meeting all admission requirements does not guarantee acceptance into the LPN-RN track. Admission is competitive and enrollment is limited. The number of applicants accepted is limited due to the nature of the program.

1. Go to <https://recruiter.eastms.edu/Ellucian.ERecruiting.Web.External/Pages/Welcome.aspx> to submit an online application for admission to East Mississippi Community College. SELECTION CRITERIA:

If the prospective student fails to complete the application process, fails to register, or is not accepted into the program, the application process must be repeated for consideration for the next class as a wait list is not maintained.

Selection of applicants is made by using a point system. (The applicant scoring sheet is included in this packet for informational purposes only.) Applicants are ranked numerically and the top students are offered admission pending completion of admission paperwork. The remaining applicants will be placed on the alternate list in rank order. If one of the students offered pending admission does not accept, the alternate applicants, in rank order, will be offered pending admission. All students selected are considered pending admission until all required paperwork is turned in and a “clear” criminal background check is received. All applicants meeting the requirements for the program will be sent a letter stating they are either pending admission, not accepted, or on the alternate list.

Applicants pending admission will receive a packet including a health form and CPR information. The health forms must be dated no earlier than 45 days before the first day of

Admission Packet

class. All health forms, immunization forms, lab results, letters of good standing from former nursing programs, and proof of CPR certification must be turned in to the Allied Health Administrative Assistant by the first day of class for fall admission. All non-negative drug screens will be reviewed on a case by case basis prior to final acceptance into the nursing program. Cost of the drug screen is the responsibility of the applicant
3. HIV testing (required by area affiliates)
4. Current CPR card. The CPR card has to be an American Heart Association BLS (cannot expire before the end of the program). If you need CPR you may call Terasa Harpole at 243-1945 or Brenda Waldrop at 251-2190 for class times. You may also call your local hospital to see if classes are scheduled.
5. Current Immunization form and proof of Tetanus vaccination within the last 5 years.
6. Proof of uniform order

This is a yearly requirement. A copy of the results of the test must be submitted to the Allied Health Administrative Assistant annually.
8. Proof of vaccination for Hepatitis B or a waiver signed by students who choose not to protect themselves with the vaccination series. Please note that some facilities will not allow the waiver.

- Request readmission in writing to the Director of Nursing and Allied Health. Requests for readmission must be received within one month of leaving the program. The following information must be included in the letter:
 - Reasons why the student was unsuccessful
 - How circumstances leading to failure or withdrawal have changed
 - A detailed plan outlining how the student plans to be successful if readmitted into the nursing program. The plan must be signed and will become a contract that the student will follow throughout the rest of the nursing program. If at any time the student fails to follow their plan of academic readiness, they may be dismissed from the nursing program. No student will be readmitted without a detailed plan of academic readiness.

- The student will be required to demonstrate mastery of clinical skills before being allowed to perform skills in the clinical setting. Students will be asked to perform one of any of the previously learned skills at a satisfactory level within one attempt. Students must also take a calculations exam and score a 90% or greater on the first attempt.

Admission Packet

- No more than 10% of the total admission will be composed of readmission students.

The student will be given credit for any semester satisfactorily completed within the previous twelve (12) months, and will only be required to repeat any nursing course they were unsuccessful in or withdrawn from. The student must complete the remainder of the program during this admission.

Although readmission depends on openings in the class every consideration and opportunity will be given to help students reach their goal of completing the nursing program. If there are more applicants than space, applicants will be ranked using the Associate of Applied Science Nursing applicant scoring sheet included in this packet. The highest ranked applicant will be offered admission first. If there is a tie, the applicant with the highest GPA will be offered admission first. If there is still a tie, the applicant with the higher ACT score will be offered admission first. Further ties will be decided based on Nursing School Admission test scores

Any student readmitted into the program will follow policies in the handbook in use during his/her readmission. Please be aware that EMCC requires a 2.0 GPA in order to graduate in any of the Associate Degree Programs. This qualification **MUST** be met prior to graduating from the RN program. All students selected for readmission are considered pending admission until all required paperwork is turned in and a “clear” criminal background check is received.

All students meeting the requirements for readmission will be sent a letter stating they are pending admission, or were not accepted.
